STUDENT MENTORSHIP PROGRAM 2020-21

The goal of higher education is to nurture the student so that he becomes a human being responsible for his own betterment. The student should be capable of sustaining the society and ultimately be able to contribute towards development of the nation. The students are from rural area and have different backgrounds. The college environment is new for them and they encounter challenges in the course of their student life. The college should be able to prepare the students to face these challenges. The students should be aware of the goals of the institute. The student should have knowledge and skills related to his/her work and being a good citizen. The college has a Student Mentorship Program devoted to this task.
